Section 258.2 of the NJT Contract is deleted and the following is substituted therefor:

"The Buses shall be warranted and guaranteed to be free from defects and related defects for thirty-six (36) months, 200,000 miles (bumper to bumper, except as set forth below), beginning on the date the Bus is placed in revenue service. In the event that a Bus has not been placed into revenue service for reasons other than mechanical defects that are the fault of the Contractor by the 60th day after Delivery, then the warranty will commence on that 60th day. During this warranty period, the Bus shall maintain its structural and functional integrity. The warranty is based on regular operation of the Bus under the operating conditions prevailing at the operator's locale, and is subject to the terms and conditions set forth in the detail of Contractor's Warranty Extensions contained in the Technical Specification Section 7.0 - Services and Spare Parts.

Notwithstanding the foregoing, the following warranty periods shall apply to the systems, parts, and components listed below:

<u>Item</u>	<u>Years</u>	<u>Mileage</u>
Engine (full parts and labor)	5	300,000
Transmission B500R	5	300,000
Drive and Non-Drive Axles	2	Unlimited
Brake System (excluding friction material)	3	200,000
Basic Body Structure	3	200,000
Heating and Air Conditioning System	5	300,000
Fan Drive	2	Unlimited
Paint (Exterior)	3	Unlimited
Skeleton, Body (Incl welding, corrosion)	7	500,000
Body Skin (including corrosion)	3	200,000
Wheelchair Lift	3	200,000
Suspension System	3	200,000
Wheelchair Restraint	3	200,000
Mobility securement system	3	200,000
Multiplex System	3	200,000
Destination Sign	3	200,000
Operator's Seat	3	200,000
Fire Suppression	3	200,000
